

TAKE IT: Take one capsule every twelve hours.

Can-D Caps Support: A dietary supplement designed to help balance the Candida fungus in the body, which helps in the treatment of conditions that involve an uncontrolled level of Candida fungus in the body, such as candidiasis.

BENEFITS:

- ✓ Candida fungus control
- ✓ Improved digestion
- ✓ Strengthening of the immune system
- ✓ Overall body health support
- ✓ Support for bone health

ADVANTAGES:

The formula **Can-D Caps Support** is made with 100% natural ingredients, with careful consideration of their origin to ensure the provision of benefits in the safest way possible. Balance is important to achieve the objective of these capsules, so an excellent formulation is sought.

WHY CAN-D CAPS SUPPORT?

Can-D Caps Support: has a unique, natural formula, its commitment to quality and its focus on providing a comprehensive supplement that not only helps control candida levels, but also supports overall body health.

INGREDIENTS:

CAPRILIC ACID: A fatty acid found in goat's milk, coconut oil and other foods. It has antifungal properties, which helps control candida levels in the body.

GARLIC EXTRACT: Garlic has antifungal properties, as well as helps strengthen the immune system, helping the body fight fungal infections.

CAT'S CLAW BARK: Plant used in traditional medicine, recognized for its anti-inflammatory and antioxidant properties, helps strengthen the immune system.

GINGER: It has anti-inflammatory properties that also helps to improve digestion, thus benefiting the body.

POTASSIUM: Essential mineral that the body needs to function properly, helps regulate the balance of fluids in the body, also supporting the health of the heart and kidneys.

PHOSPHORUS: Essential mineral that supports bone health and energy production.

CALCIUM: Essential for maintaining a healthy skeletal system that also supports heart and nerve health.

MAGNESIUM: Essential mineral that supports the health of the heart, bones, nervous system and aids in digestion.

ONION POWDER: It has antioxidant properties that help strengthen the nervous system.

CORN STARCH: This is a type of carbohydrate that can provide energy to the body.

BLACK WALNUT EXTRACT: This extract may have antifungal properties, which can help control candida levels in the body.

L-LEUCINE: Amino acid that the body needs for muscle health and energy production.
