

**TAKE IT:** Mix 2-3 tablespoons (3 gr. approx.) with 12 ounces of coconut milk, almond milk or water to taste.

**ABOUT ROYAL COFFEE:** Is a coffee made with the ingredients needed to nourish, cleanse and restore the digestive system. It contains probiotics, fiber, ginseng, ganoderma, among other ingredients, which help improve brain function.

## BENEFITS:

- ✓ Awakens natural energy
- ✓ Improves performance
- ✓ Increases concentration and determination
- ✓ Decreases oxidative stress
- ✓ Improves the digestive process
- ✓ Strengthens the immune system
- ✓ Antioxidant action
- ✓ Helps regulate blood cholesterol levels

## ADVANTAGES:

**Royal Coffee** not only thinks about providing the necessary energy for the day, like any coffee, but also has a formula that considers the connection between the digestive system and the immune system, so it provides protection to the intestinal flora and strengthens the immune system.

## WHY ROYAL COFFEE?

**Royal Coffee** has the ideal formula to provide energy to the body, enhance cognitive activity and improve performance while aiding the digestive process, protecting brain function, strengthening the immune system and regulating blood lipid levels.

## INGREDIENTS:

**Vitamin B1:** participates in the metabolism of carbohydrates and amino acids, supplies energy to the brain and nervous system, collaborates in the conduction of nerve signals, essential for normal growth and development.

**Vitamin B6:** water-soluble vitamin that helps to produce antibodies, to maintain normal neurological function, collaborates in the production of hemoglobin and in the breakdown of proteins and regulates blood sugar levels.

**Vitamin B8:** important for the functioning of the brain and heart, collaborates in the well-being of cellular function, it is also used as a collaborator in treatments against depression, neurological disorders, obsessive compulsive disorder. It benefits in the maintenance of nails, hair and skin.

**Dark roasted coffee:** composed of caffeine, which is a psychoactive, natural metabolism accelerator. It has antioxidant properties, reduces the risk of diseases such as cancer. Due to its natural origin, it provides nutrients such as:

**Niacin:** helps control cholesterol, maintain healthy nervous system, digestive and skin.

**Riboflavin:** known as vitamin B2, it collaborates in the production of red blood cells.

**Potassium:** essential for muscle health.

**Pantothenic acid:** known as vitamin B5, it helps to metabolize food. Magnesium: mineral that helps regulate blood sugar levels and the nervous and muscular system.

**Inulin:** helps regulate intestinal transit and stimulates the growth of intestinal flora and good microorganisms.

**Bacillus coagulans (Probiotics):** prevents stomach diseases such as rotavirus diarrhea, also helps in the treatment of irritable bowel syndrome, inflammatory bowel diseases and the intestinal disorder called colitis, as well as slows the growth of harmful bacteria and infections.
